
SACHIT DAHAL

FRONTEND DEVELOPER

✉ sachitdahal33@gmail.com ☎ +977 9803033781 📍 Kathmandu, Nepal 🌐 sachit.info.np

01 PROFILE

Developer with nearly 3 years of professional experience shipping production software for national platforms, US-based startups, and design-led agencies. Strong frontend expertise from pixel-perfect React interfaces to published Framer plugins backed by solid backend and deployment experience. Focused on clean architecture, reusable components, and end-to-end delivery.

02 WORK EXPERIENCE

Associate Software Developer

Sep 2023 – May 2025

Monal Tech Pvt. Ltd. · Kathmandu

- Joined as an intern and transitioned to a full-time Developer after successfully completing three-month internship.
- Created reusable and responsive UI components using React, Next.js, and Tailwind CSS, ensuring consistency across client projects.
- Developed and maintained scalable full-stack applications with React, Next.js, Django REST, and PostgreSQL.
- Delivered a production BI dashboard for a national-level data platform, enabling real-time analytics for government stakeholders.
- Collaborated with cross-functional teams to deliver client and in-house projects on schedule.

Frontend Developer

Nov 2023 – Mar 2024

Nebham LLC (via Monal Tech) · Remote

- Staffed by Monal Tech as an embedded developer on Nebham LLC, a US-based partner company, for the duration of this engagement.
- Delivered type-safe UI components in Next.js and TypeScript under sprint deadlines.
- Translated Figma and Balsamiq prototypes into pixel-accurate, production-ready components ensuring design fidelity and client satisfaction.
- Worked on features for Nebham Patro mobile app and calendar system, improving user engagement.

JavaScript Developer

May 2025 – May 2026

Responsive Pixel Pvt. Ltd. · Remote

- Independently designed, developed, and published FrameAudit, a full-stack Framer plugin for auditing Framer guidelines with one-click fixes, backed by authentication, subscription management, and backend services.
- Engineered and delivered EventCalendar, a comprehensive Framer plugin featuring recurring events, category filtering, and customizable calendar views
- Crafted custom animation scripts and interactive UI components utilized by client production sites
- Managed delivery end-to-end in a fully remote contract environment, from scoping through release.
